THURSDAY, DECEMBER 20. 1739. Nº. 1402.

Yesterday arriv'd a Mail from Holland,

Vienna, Dec. 12. N. S.

LETTERS from the French Ambaſſador at Conſtantinople ſay, the Ratification of the late Treaty was performed there on the 5th of November, with very great Solemnity, and under the Diſcharge of Cannon; that it was afterwards exchang'd at his Exceſſency's Quarters [illegible] that of the Emperor; and that the Grand Seignior cauſed Preſents to be diſtributed not only to the Ambaſſador but to the Imperial Hoſtages that were at Conſtantinople, who had Liberty given them at the ſame Time to return home. 'Tis certain, there are ſome equivocal Expreſſions in it, which, 'tis hoped, will be explained by ſome future Declaration of the Porte.

Hamburg, Dec. 18. N. S. Letters of the 28th inſt. from Peterſbourg ſay, that Four Noblemen of a diſtinguiſh'd Family in Ruſſia were put to Death at Novogorod; and two others of the ſame Family condemn'd to Impriſonment for Life, or, as ſome ſay, to Baniſhment in Siberia. 'Tis ſaid they have been convicted of illegal Practices againſt the Government.

Conſtantinople, Nov. 2. The Grand Seignior having notify'd the Ratification of the Treatie with the Emperor and Ruſſia to the Ambaſſadors of Kouli-Kan, they receiv'd the Meſſage very coolly, and the chief of them ſaid, with ſome Diſdain, *That it would be a Thing of great Indifference to their Maſter.* Theſe Acts of Arrogance are not taken Notice of here, becauſe 'tis hoped that an Opportunity will ſoon fall out for giving a ſenſible Blow to Kouli-Kan, if he refuſe to accept the Terms formerly mention'd. The Captain-Baſha of the Grand Seignior's Fleet in the Black Sea is arrived in Town; but the Miniſters of the Porte adviſe him not to deſire an Audience of the Grand Seignior, before he is well aſſured that he does not owe him a Grudge for the ill Succeſs of the laſt Campaign that he made on the Black Sea. We are aſſur'd, that if the War be renew'd with Kouli-Kan, the Count de Bonneval will have a conſiderable Command in our Forces.

Florence, Dec. 5. N. S. The Grand Prior del Bene, Steward of the Houſhold to the Great Duke and a Member of the Emperor's and his Highneſs's Council, dy'd here the 1ſt Inſt. at Night, 88 Years of Age. His Good Temper, Affability, Probity and Generoſity make his Death very much lamented by People of all Ranks.

Hague, Dec. 14. O S We have News here, that ſeveral Conſiderable Families in Ruſſia having hatch'd a Conſpiracy to change the Form of its Government, and to oblige the Empreſs to abandon the Throne, and conſequently to throw the Empire into a general Confuſion, her Majeſty has thought fit to make ſome Examples of Severity and Juſtice, at the ſame time that ſhe is taking the moſt proper Meaſures for the Tranquility of her Subjects.

Hanover, Dec. 18. N.S. 'Tis ſaid a Treaty of Marriage is on foot betwixt the Prince Auguſtus William, the King of Pruſſia's ſecond Son, and a Princeſs of Brunſwick. They write from Stralſund, that the King of Sweden having order'd ſuch Funeral Honors to be paid to the late Major Sinclair as are ſuitable to the Concern for his tragical Death, his Corpſe, which was brought thither laſt Week, was interr'd on the 14th in St. Nicholas Church with very great Solemnity, attended by the Governor and all the Officers of the Gariſon, as well as the Magiſtrates and Companies of the City; that during the March all the Bells were toll'd, and ſeveral Rounds of the Artillery fir'd, and that on his Tombſtone an Epitaph was engrav'd, relative to the Cataſtrophe that happen'd to the Major in his Return from Turky. Beſides theſe Funeral Honours the King of Sweden has given ſignal Marks of his Good-will to the Major's Widow and Family. They write from Stockholm, that the Commiſſaries ſent to Sileſia to make Inquiry into his Murder, were returning with full Satisfaction as to all the Circumſtances, but that 'twas believ'd they would not be mention'd yet a while.

Amſterdam, Dec. 14. O S. 'The Petition of the 'Council of State annexed to the State of the War 'for the Year 1740, and preſented as uſual about 'this Time of Year to the States-General is a fine 'Piece: The Purport of it is to ſhew the Neceſſity 'there is for the United Provinces to arm both by 'Sea and Land, in the preſent Conjuncture of Affairs. 'Notwithſtanding the Solicitations which 'Mynheer Vander Meer, our Envoy at Madrid, has 'made from time to time for obtaining a Redreſs of 'the Grievances ſet forth at large in a Writing 'which was ſent a Year ago to Madrid, he has not 'yet obtain'd the favourable Anſwer which he has 'been ſo often promiſed; nor is he like to obtain it 'yet awhile, the Court of Spain deferring, it ſeems, to 'come to a Reſolution thereon, till they are ſure how 'the States-General will behave. But if this be the true 'Reaſon of ſuch Delay, God alone knows how long 'it will ſubſiſt, ſince the States themſelves are not 'determin'd what Courſe to ſteer, till they ſee what 'the French Court will do, which ſeems hitherto as 'much at a Loſs how to act as ſome other Powers.'

We are aſſur'd from Paris, That the Spaniſh Declaration of War againſt Great Britain, which the Marquis del Mina has communicated to the French Court has contributed equally with his Britannick Majeſty's Speech to his Parliament, to the Reſolution taken at the French Court to augment their Troops with 5 Men to a Company.

LONDON

Laſt Monday Se'nnight, Half an Hour after 12 o'Clock, the Princeſs of Orange was brought to Bed at Leewarden in Friſeland of a Princeſs, who liv'd but Half an Hour. Her Royal Highneſs is as well, however, as 'tis poſſible in her Condition.

We hear the Princeſs firſt complain'd of her being out of Order about 8 o'Clock that Night; that two Hours after, ſhe felt the Pains of a Birth; that her Royal Highneſs was deliver'd by Dr. Douglas, attended by M. du Bois Profeſſor of Phyſick in the Univerſity of Franeker, Dr. Winter Phyſician to their moſt Serene Highneſſes, and two Midwives; and that three Deputies from the States of Friſeland, with their Secretary, repair'd at the ſame time to the Princeſs's Chamber, where were alſo the Princeſs Dowager of Friſeland, and the Ladies of the Court.

The Marquis de Fenelon, the French Ambaſſador at the Hague, having obtain'd Leave to return home, was preparing to ſet out laſt Week for Paris; and the Abbe de la Ville, Secretary of the Embaſſy, is to take Care of Affairs in his Abſence.

One Phippard, an Iriſh Prieſt, is lately dead at St. Germain en Laye, aged 106.

They write from Bruſſels, that the Archduchеſs Governeſs of the Auſtrian Netherlands, being ſeiz'd on the 6th in the Evening with a violent Defluxion upon her Lungs, as ſhe return'd from Hunting, was ſo ill that Night that her Phyſicians ſate up with her, for fear ſhe ſhould be taken with an Apoplectick Fit, and that the two next Days ſhe was in a lethargick State; but on the 10th, when the Letters came away, ſhe was ſo much better, that it was hop'd ſhe would ſoon be out of Danger.

The new Tariff between France and Holland was not ſign'd on the 7th Inſt. O. S. as was reported, tho' it ſeems the only remaining Point in Diſpute is about the Title of it, which the French Miniſters would have to be an *Ordinance* or Regulation by his Majeſty, but M. Van Hoey the Dutch Ambaſſador demands, that it may be intituled a *Treaty of Commerce*: However 'tis thought, this Nicety will ſoon be adjuſted. We hear, that by this Tariff the Price of a hundred Weight of Whalebone prepar'd is ſettled at 9 Livres, every Piece of Barracan of 22 Ells French Meaſure at 5 Livres, every Hundred Weight at Butter at of 12 Sous, &c.

According to Letters of the 9th Inſt. N.S. from Milan 'twas reported, that the King of Spain's Miniſter at Turin retir'd from thence, or as ſome ſay, was forbid Court as ſoon as the News arriv'd that the King of Great Britain had declar'd War againſt his Maſter.

Thoſe of the 1ſt Inſt. O S. from Vienna ſay, the Sardinian Miniſter the Count de Canales has frequent Conferences with the Emperor's Miniſters; and that the Ruſſian Miniſter there has receiv'd an Account from Peterſburgh of the Arrival of the Grand Signior's Ratification of the late Treaty, at his Court from Conſtantin ple; and that the Day before the Date of thoſe Letters, he had a private Audience of the Emperor, in which he acquainted him, that a very dangerous Conſpiracy has been detected in Ruſſia.

Letters of the 8th Inſt. O S. from Triers ſay, there's a great Number of French Troops arriv'd in the Neighbourhood of the Moſelle, ſome of which it ſeems expect final Orders every Day to march, but whither is uncertain; and that the French Court has ſent Orders for recruiting the Troops in Lorrain forthwith. At the ſame time they write from Alſace, that Levies are begun there to recruit the Gariſons in that Province, and that the Magazines are actually filling.

They have a Report at Paris of the Arrival of News from the Havanna, that the Engliſh had made a Deſcent there, and were ſo maltreated by the Spaniards, that they loſt 1500 Men on the Spot; but as neither the Date of the Letters nor of the Action is mention'd, it needs as much Confirmation as the late Advices that we publiſh'd by the Way of Dublin

The Meeting of the Three Precincts in St. Gregory's Pariſh in Caſtle-Baynard Ward, was held laſt Night at St. Mary Magdalen's Church, when for the Two vacant Precincts (by Meſſ. PARALYTICON, seu Anima Nervorum, *A Stupendous* Chymical Essence, *which infallibly cures the* PALSY, *and all other* NERVOUS DISEASES:

THE very first Dose of it (a few Drops only) instantly penetrates the inmost Recesses of the Nerves, and darting almost as quick as Lightning thro' the whole Human System, diffuses kindly Warmth and genial Comfort to the weaken'd Limbs, and all Parts of the Body, and affords immediate sensible Relief in the most obstinate Palsy, and all Paralytick Affects, Shaking, Trembling, Numbness, Deadness, and Weakness, whether universal, or of particular Parts only, or whether lately contracted, or of many Years Continuance.
And as the very first Dose makes an apparent demonstrative Amendment, so the continuing of it for a short Time is surely accomplish a perfect Cure, not only of the most grievous Palsy or Relaxation of the Nerves, but also of their Cramp-like Contractions, Shrinkings of the Sinews, and all other Nervous Complaints whatever, even that in Persons of either Sex, or of any Age, and whether occasioned by preceding Illnesses, fast Living, hard Drinking, long Courses of Physick, great Colds, or excessive Fatigue, either of Mind or Body.
Words cannot sufficiently express the uncommon, the wonderful Efficacy of this great Medicine, as all who take it thankfully acknowledge; and its vastly superior Excellency to all other Remedies, may be more securely rely'd on, for the absolute Cure of the Palsy, and all Paralytick Effects and Nervous Indispositions, than the Celebrated Corrector is for Intermittents.
It rectifies all Disorders of the first Passages, creates an Appetite, procures a good Digestion, enriches the Blood, restores the natural Vigour and steady Use of the Limbs, and strengthens the infolding Joints, Muscles, Tendons, Ligaments, and whole Habit to an immense Degree.
It is also very pleasant to take, is comforting and cordial to the Stomach and Bowels, and for Safety might be given to the youngest Infant.
It is to be had only, by the Author's Appointment at Mr. Radford's Toyshop, at the Rose and Crown against St. Clement's Church Yard in the Strand, at 3 s. 6 d. a Bottle, with printed Directions at large.

The Universal Family MEDICINE,
Still more and more fam'd, after upwards of 15 *Years Success with the Publick,*
Is sold by the Author's Appointment, by Mr. King, Victualler in the Poultry, near the Royal Exchange; by Mr. Harris, Toy-man, at the Sign of the Duke of Cumberland, in Cranbourn Alley, near Leicester Fields; by Mr. Thomas Prentice, Postmaster of Bungey in Suffolk; and by Mr. Hildyard, Bookseller in York, at 3 s. *the Bottle Retail.*
It is to be taken at any Season of the Year, and is so very agreeable to Young and Old, that Children take it without Trouble, a few Drops being a Dose, and so gentle, that it weakens not the most Aged: For it is a safe and effectual Alterative, to be taken in a less Dose than where Purging is necessary, as the excellence inherent in this Medicine, which is a singular Property well known to the Learned, to be in some Cathartick Medicines.

It is in particular,

A Certain and infallible Cure for the SCURVY, tho' of the longest Standing, and attended with the most aggravated Circumstances (a Distemper so common to English People, that not one in a thousand is wholly exempt from it, and great Numbers are sorely afflicted with it) being a cordial Elixir, peculiarly adapted to that Disease in all its Forms of appearing, from the slightest itching Humour in the Blood, to its utmost or last Efforts on human Nature.
For it is a true Specifick Cordial, that perfectly cures that Distemper by gentle Evacuation, by Stool and Urine, the only sure and effectual Way perfectly to cure the Scurvy, &c. and prevent Relapses (notwithstanding what may be meant to the contrary) the Truth of which is witnessed to daily, by the many Thousands that have taken this Medicine. It so powerfully rectifies the Blood and Juices, that scrophulous Cases are also speedily cured by it; and all Spots, Blotches, Pimples, &c. on the Skin, are quickly and entirely taken off, the Patients made lively and brisk, many chronick Diseases prevented, and a due State of Health secured.
It removes all Pain in the Stomach, helps Digestion, opens Obstructions, and is peculiarly serviceable to Maids inclined to, or troubled with the Green Sickness. 'Tis the best Medicine in the World to destroy Worms in Children or grown People, and prevent their Return; for it scours away all those ropy, viscid Humours which breed them in their Bowels, and is so well adapted to all Constitutions, that it is deservedly esteemed both in City and Country, the most general Family Medicine that ever was known to preserve Health, and hinders no Business or Recreation.
Good Allowance is given Wholesale by Mr. King for ready Money to Country Shopkeepers, &c. to sell again. This Medicine will keep many Years in any Climate.
The Directions given with it are large and full.
